Smokefree Casinos and Gambling Facilities

OCTOBER 2013

State-Regulated Gaming Facilities

There are now more than 500 smokefree casinos and gambling facilities in the U.S. It is required by law in 20 states, a growing number of cities, and in Puerto Rico and the US Virgin Islands. In addition, a growing number of sovereign American Indian tribes have made their gambling jobsites smokefree indoors (see page 9).

Note: This list does not include all off-track betting (OTB) facilities.

To view a map of U.S. States and territories that require state-regulated gaming facilities to be 100% smokefree, go to www.no-smoke.org/pdf/100smokefreecasinos.pdf.
