

To Whom It May Concern,

Secondhand smoke ruined my visit. I support smokefree businesses.

Please go 100% smokefree to protect my health and that of other patrons and workers.

Signed,

THE FACTS

Exposure to secondhand smoke increases your risk of developing heart disease by **25-30%** and lung cancer by **20-30%**

SECONDHAND SMOKE INCREASES YOUR RISK FOR STROKE BY 20-30%

Casino ventilation systems, smoking rooms, and smoking sections merely address odor – not the health hazards of secondhand smoke.

Healthy workers and healthy gaming profits are not at odds.

Smokefree indoor air casinos are already the norm in many markets. People can still step outside to light up without harming others.

85% of the U.S. adult population **ARE NONSMOKERS.**

CASINO WORKERS AND PATRONS deserve the same right to breathe **safe, smokefree air** as everyone else.
